

OKLAHOMA'S LONGEST INDOOR RANGE!!

OVER 20 FULL-AUTO MACHINE GUNS FOR RENT!!!

Welcome to Nowata Firearms, LLC.

Our first Men's and Women's leagues were a huge success!! Congratulations to the first round of winners:

Dustin Parrett ~ \$240.00 in winnings

Katy Parrett ~ \$140.00 in winnings

We started a new league on February 14 but anyone can still participate. The next league will start in about 9 weeks.

NFA had the opportunity to host about 30 new Marine recruits who came out to shoot the AR-15 and M16 A2 in preparation for boot camp. The AR-15 is the civilian version, semi-automatic, of the M16 A2. Good luck and God bless to those who participated.

Full-Auto Highlight

M16 A2

The M16 A2 full automatic weapon has a colorful past with the US military and law enforcement agencies. Although originally designed in the late 50's, many additional efforts have been employed to improve accuracy, weight, and the flexibility in construction. This weapon requires a .223 caliber bullet and maintains its accuracy at 600 yards. Rent the M16 A2 for \$16.00 per 20 round magazine.
